

Membership for skating season from 7/1/17 to 6/30/18 opens on June 1, 2017!

READ and SAVE this entire note which includes examples for entering your membership into EntryEeze.

An adult or parent/guardian must join the club with any skater under the age of 18 unless the skater is registering for the Learn to Skate Program. All participants in the Learn to Skate program MUST sign up as Learn to Skate membership.

Below are the new membership categories and fees, followed by some examples.

\$125 Junior Skater with Parent/Guardian (two memberships)-this membership is for skaters under the age of 18 and their parent/guardian. The junior skating member will have all member privileges, except the right to vote at the annual meeting. The parent/guardian member will have all member privileges including attending and voting at the NJFSC annual meeting.

\$100 Senior Skater -this membership is for individual skaters and non-skaters who wish to support the club who are over the age of 18. This member has the privilege of attending and voting at the NJFSC annual meeting.

\$50 Additional Family Member-this membership is for family members of club members already registered in other categories. **Do not use for Learn to Skate.** These memberships can be skating or non-skating. If the additional member is 18 years old or older they can vote at the NJFSC annual meeting.

\$120 Collegiate -this membership is for currently enrolled college students. This membership is good for four years and can be purchased one time only. Proof of full-time student status is required. If the member is 18 years old or older, the members have the privilege of attending and voting at the NJFSC annual meeting.

\$85 Introductory Junior Skater with Parent/Guardian (two memberships)-this membership is available to skaters under the age of 18 and their parent/guardian for one year only, to first time USFS members. The junior skating member will have all skating member privileges except the right to vote at the annual meeting. The parent/guardian member will have all member privileges including attending and voting at the NJFSC annual meeting.

\$70 Skating Professional -this membership is for professional skating instructors, even those who instruct only basic skills skaters. This membership has the privilege of attending and voting at the NJFSC annual meeting. All skating professionals must be at least 18 years old.

\$100 Second club (Associate Member) -membership benefits are restricted to discount testing fees and eligibility to skate on NJFSC sponsored ice, for skaters with another home club.

\$45 Learn To Skate -this membership is for skaters participating in USFS Learn to Skate program. These skaters do not have voting rights at the NJFSC annual meeting.

Complimentary Lifetime service and Complimentary memberships - this membership category is available to a small number of individuals selected by the NJFSC board officers based on their extraordinary service to the club or to US Figure Skating. Examples of people who can request this category are Judges, US Figure Skating Officials, club officers. These complimentary memberships include full USFS membership and the privilege of attending and voting at the NJFSC annual meeting. If you want to be considered for this membership category please send an email to the membership chairperson indicating the basis for your request.

PLUS \$10 Paper Processing Fee - this fee will be added to all new registrations and renewals submitted in paper form.

EXAMPLES:

1. Skater (under 18): Choose Junior Skater and enter child's data. Then choose Junior Skater again and enter the adult information. Total cost at checkout for 2 will be \$125. DO NOT choose Senior or Additional for the adult!
2. Individual skaters or non-skaters (18 and older): Choose Senior Skater for \$100.
3. For more skaters or adults in one family, where no one is Learn to Skate: After following example 1 or 2 for your primary skater (and required adult), choose Additional Family Member for \$50/person. A family of 4 with any skater under the age of 18 would enter 1 child and 1 parent in Junior Skater category and the other 2 family members as Additional for a total cost of $\$125 + \$50 + \$50 = \225 .
4. For a family with multiple skaters and at least one Learn to Skate participant: Follow the examples above with the following exception: the Learn to Skate skater must be entered using the Learn to Skate category not any other category.
5. Skating Professional with skating child: The most cost effective option is to choose Professional for parent at \$70 and Additional for child at \$50, totaling \$115.
6. If you are under age 18 and have never had a USFS membership: Choose Introductory for the child and also choose Introductory for the parent. Total cost for the 2 will be \$85.
